WORD OF WELCOME BY THE EXECUTIVE DIRECTOR:

4

We would like to welcome everyone to this year's fundraising dinner. We are happy to hold this event since 2020 when we held the last one. Due to the pandemic we were not able to continue with many in-person events. Please join us in celebrating this year's International women's day under the theme: Embrace Equality.

International Women's Day is a global day celebrating the social, economic, cultural and political achievements of women - while also marking a call to action for accelerating gender equality. We are working hard to develop new strategies as well as implement new ones to ensure more women improve their health and economic status globally. We do this through a gender equality lens recognizing the immense support from our male counterparts and uplifting the Boy child along side the Girl child. Uzima Women Relief Group International is aimed at supporting efforts to empower women domestically and globally so that women can contribute to the global fight for women's health, education and human rights.

Over the years, Uzima staff and the board have worked diligently to bring the annual fundraising events to a success. We have raised over \$30,000 through these events. All proceeds go to support rural women overseas in alleviating poverty.

Many of you are members, volunteers and supporters of our cause and we sincerely appreciate your support. We continue to build partnerships locally and internationally in order to reach the most vulnerable families.

We would hereby deeply and sincerely like to thank all those who have supported us since Uzima was founded in 2012. We would like to thank all our donors and community partners for their on-going support throughout these busy and economically challenging times. Last but not least our most sincere thanks go to our volunteers who continue to work in diaspora communities in Canada as well as traveling abroad to work with impoverished communities.

Thank you all.

Sincerely,

Jacobet Edith Wambayi, PhD
Executive Director

AWARDEE NUMBER 5

Veronica De Santos, an 8th-Degree Black Belt in Taekwondo is the Grandmaster and founder of Desantos Martial Arts. She was born in Prospect, East Bank Demerara, Guyana where she was the youngest of 10 children. She moved to Canada when she was 16 and quickly started her martial arts training. In 1979, she started competing at a high level and was awarded the Ontario Amateur Athlete Award in 1981, that same year she was also ranked Number 1 Female Fighter in the Karate circuit.

Veronica was ranked Canada's #1 female fighter from 1982-1990 and in 1994, she represented Canada at the Goodwill Games in St. Petersburg, Russia. In 1999, She became the first woman to be inducted in the North American Martial Arts Hall of Fame and in 2016, she was inducted into the Canadian Black Belt Hall of Fame.

Growing up, she was often told that martial arts was not a place or activity for a woman. She wanted to share her love of the Martial Arts in a non-threatening, inclusive environment where all ages, gender and abilities could find a place to shine and be their best. To that end, in 1988 she used her rent money to travel to Boston, USA where she competed in a martial arts tournament and became Grand Champion which earned her the U.S.\$5,000 prize that allowed her a plane ticket back home with enough money left over to pay her rent and open the martial art school. Less than one month later, DeSantos Martial Arts opened its doors.

Veronica also believes in giving back to the community. She started a non-profit organisation – The DeSantos Foundation – which includes an annual fund-raising walk, starting at the Main street Desantos studio in Toronto and ends at the world-famous Niagara Falls. The funds raised by the foundation go to a variety of causes, which include school breakfast programmes, both locally and internationally.

ESTHER ONYOLU

AWARDEE NUMBER 6 & KEYNOTE SPEAKER

Esther has been working in the human service field for over 30 years. She is a great advocate and leader on issues of gender-based violence, anti-racism, anti-oppression and economic empowerment of women for financial sustainability and security. As the executive director of WMRCC of Durham, she continues to develop numerous innovative programs and services to support the populations the organization serves. She facilitated the development of 7 worker cooperative groups for newcomers and immigrant women in 2019. She is highly committed to ensuring that women, youth, and children from diverse backgrounds receive effective and efficient services; as well as maintaining a work environment that is free from all forms of oppressions. She values workplace safety as she views workplace as people's second homes.

She puts a lot of emphasis on diversity, equity, inclusion, equality, human rights, and social justice. Accordingly, she deems it necessary to partner with several community organizations and stakeholders in developing culturally competency programs and services. In her view, an intersectional approach to gender-based violence and economic empowerment of women and girls requires a strong understanding of how various forms of oppressions inter-twine and impact the lives of vulnerable women and girls
